

Twin Tiger - Website Structure

A short guide to how the site is organised and what each section does. The site is built to lead a visitor to a useful answer, not to hand them a menu and hope they find their way.

Home

THE FRONT DOOR

Instead of a static menu, visitors are guided. They pick where they are on their journey ("I am..."), then what they want to achieve ("I want to..."), and get a personalised answer: practical advice, the resources that fit, and a call to book a free consultation.

Profile

WHO WE ARE

Who Twin Tiger is. The studio's art and craft, the chefs (Tina and AK Solankky), a plating slideshow, and the track record: three decades and 500+ restaurants, cafes and kitchens shaped. Press coverage, and a way to get in touch.

Resources

THE LIBRARY

A practical library for restaurant people, organised into five sections:

- **Media.** Press, features, and coverage.
- **Checklists.** Ready-to-use operational checklists, like a pre-opening run-through.
- **SOPs.** Standard operating procedures and templates.
- **Case Studies.** Real projects, with the problem, the approach, and the result.
- **Articles.** Insights and how-tos from the studio.

Contact

GET STARTED

A call to book a free consultation (timings 9am–11am and 3pm–7pm), plus a contact form with WhatsApp and email options.
